

Digital Test Packs

Bind P&IDs, specifications and checklists into a single PDF using Revu's **Combine** feature. Click **Add** to search for PDFs that you want to combine, or click **Add Open Files** to combine all of the current files you are viewing. To remove files, highlight the file you want to remove and click **Delete** .

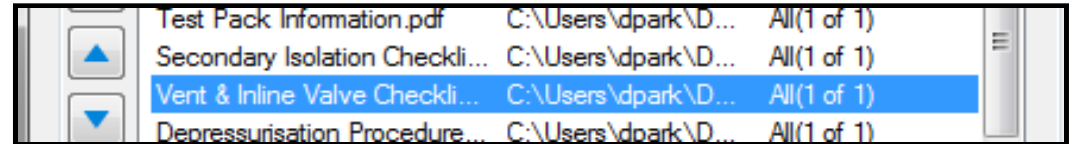

A

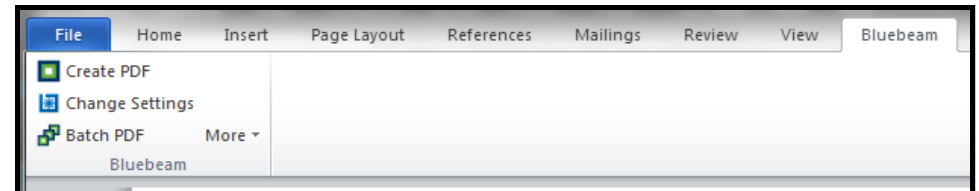

Organize files by Name, Date, and more (**A**) or reorder files using the up and down arrows (**B**).

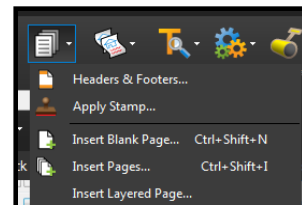

B

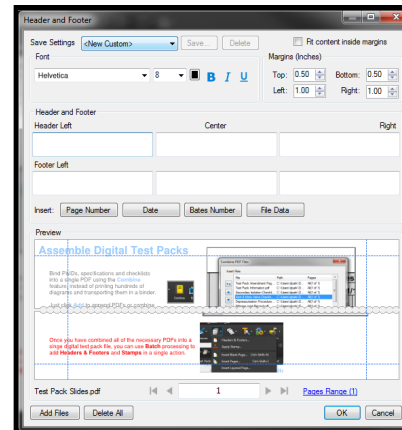

Convert checklists created in Word to PDF using the Bluebeam plugin. While in Word, open the Bluebeam tab and click **Create PDF**.

Once you have combined all of the necessary PDFs into a single digital test pack file, you can use **Batch** processing to add **Headers & Footers** (**C**) and **Stamps** (**D**) in a single action.
