

View Log Files

Logging Tab - view your Bluebeam log files and provide files to technical support for trouble shooting any issues.

Revu Tab

Check the option “Use Revu as Default Viewer” to make Revu launch on your workstation each time a PDF is opened.

AutoCAD Page Sizes Tab (AutoCAD only)

Go to the **AutoCAD Page Sizes** tab to select which standard large format page sizes you wish to appear in your drop-down list of page sizes from within AutoCAD (ANSI, ARCH, ISO).

All page sizes are available by default.

To select which page sizes you wish to appear in your page size list for AutoCAD (Plot/Plot Settings/Paper Size), simply uncheck the specific type (ANSI, ARCH, ISO) or uncheck individual page size from the list.
