Bluebeam PDF Revu
Helps Governments Save and Improves Efficiency

Building - Planning - Zoning - Public Works
Permitting Agencies - Water and Power
Engineering and Infrastructure
Facilities Management - Fire Rescue

Why Bluebeam?

Bluebeam helps government organizations migrate to PDF - go paperless - plus, minimize printing, faxing, scanning, and shipping costs

Bluebeam has been successfully deployed by government agencies for E-Plan Check or Electronic Plan Review

Bluebeam integrates seamlessly with Microsoft SharePoint and Bentley ProjectWise to eliminate steps when accessing PDF files in shared libraries

NEW Bluebeam enables online collaboration through Studio, allowing multiple users to post markups to a single PDF together in real time or separately on their own time

Bluebeam tracks every PDF markup and comment in a list - it can sort, filter, and summarize them

Bluebeam can convert countless office files to PDF in a single batch

Bluebeam is compatible with tablet PCs

Pacenotes

Check in with Government Customers Who:

Have a green initiative that includes going paperless

Want to implement Electronic Plan Review to digitally redline building plans

Need to locate, markup and/or send documents as quickly and easily as possible
