Bluebeam PDF Revu
the Perfect Back to School Purchase

Alone or with a Tablet PC,
Bluebeam gives academic users the edge

With Bluebeam, Teachers and Students Can

create, **markup** and **edit** PDFs efficiently

store and **organize** countless documents neatly

save time reviewing, highlighting and annotating pages

search by keywords, **add** notes, and **sort** comments

multi-task with split-view screens, tabbed File Access, and Internet search

NEW

collaborate on PDFs together in real time or separately on their own time

personalize profiles with preferred colors, fonts, shapes and stamps

convert a batch of MS Office documents into PDFs in one step

hand-write and **navigate** with a Tablet PC stylus

Pacenotes

Present Bluebeam to Teachers and Students Who

Strive to be organized, efficient and high-performing

Need to locate, markup and/or send documents as quickly and easily as possible

Prefer feature-filled, affordable PDF software

Are using Tablet PCs
