Jr. Designer and Video Production Assistant

Bluebeam Software is an energetic, growing company that develops software solutions for the architecture, engineering and construction industry. Our marketing team is looking for a multi-talented Graphic Designer to assist the creative team in our Pasadena, CA office.

Job Responsibilities

- Support our Video Coordinator in creating fun, hip videos that incorporate our product, Bluebeam PDF Revu. Check out some examples of what we've done in the past:
    - http://www.bluebeam.com/us/products/revu/
    - http://www.bluebeam.com/us/products/q/
    - http://www.bluebeam.com/us/products/studio-server/
    - http://www.youtube.com/user/BluebeamPDFRevu
- Create lots of helpful tutorials that engage viewers (and don't bore them) as you explain our product's most popular features. Don't worry; we'll train you on the product. Check out our current tutorials here:
    - http://www.bluebeam.com/us/video-training/
- Support the marketing team by creating designs for various marketing campaigns including direct email, product collateral, website, print ads, trade show display images and more.
- Use your creativity to create fresh new designs that fit our unique style and provide support for existing campaigns.
- Participate in creative meetings and contribute ideas to the creative process of product marketing.
- Share ideas! This is an opportunity to get real experience and contribute to the creative process of product marketing.

Requirements:

- Must be proficient using Illustrator and Photoshop.
- Must be proficient using Premiere, After Effects or any similar NLE software. Knowledge of Camtasia is a big plus.
- Must submit a portfolio along with resume for consideration.
- Must be a reliable self-starter who demonstrates professionalism, emotional maturity and sound judgment.
- Must be extremely comfortable learning new technology. After all, we are a software company.
- Must possess a thoughtful design eye with attention to detail
- Must be well organized and able to prioritize tasks.
- BA/BS degree

Compensation is based on experience. Bluebeam offers full-time employees excellent benefits including medical and dental insurance, 401K, paid holidays, and PTO. Sorry, relocation will not be provided.

Join our Team:

If you think you are a good match for the Bluebeam team, please send the following to work@bluebeam.com :

- ✓ Cover Letter

- ✓ Resume

- ✓ Link to an electronic portfolio.   If you don't have a portfolio available online, you can request information to upload to Bluebeam's FTP site.   All candidates must be prepared to show samples of their work.

About Bluebeam:

Bluebeam Software develops smart, simple PDF creation, markup and editing software for paperless workflows. Our award-winning products are used by the world's top architecture, engineering and construction firms, as well as government agencies. We also have a strong following among tablet PC users, students and educators, accountants and even lawyers. Our company is an open, creative environment in which we work hard and have a great time in the process. If you have a strong work ethic and undying desire to make things your own, then Bluebeam just might be the right place for you, too. Learn more about us at www.bluebeam.com.
